

# Array™ Body Wash/Shampoo

Array™ Body Wash/Shampoo is specially formulated for long-term care facilities where fragile, dry skin is a constant issue and pH balance is vital. It leaves skin moisturized and hair conditioned... smelling pleasantly clean & fresh.

Array Body Wash/Shampoo can be used for routine tub & shower bathing. For bed-bound residents it can also be used as a no-rinse.

A variety of options are available to accommodate every need:

- 300 ml squeeze bottles: The most economical way to provide body wash/shampoo for individual residents. Attractive and easy to use for both patients and aides.
- 900 ml pump bottles: A larger option for countertop use. The convenient pump dispenses on the wash cloth so it's ready to use for body cleansing or into the hand for shampooing.
- Gallon container: Available for facilities that have architectural dispensers and shower room wall units. A dispenser pump is included in the 4 gallon case for the ultimate in pump dispensing economy.
- Patient Room Wall Dispensers: Convenient 1000 ml size for facilities that want a dispenser in the patient room private bath. Easy to use for residents and aides alike.
- Shower Room Wall Dispensers: Larger (4500 ml) size for shower room use. The best way to make Array Body Wash/Shampoo available in the busy shower room. A true one-handed dispenser...easy to use and allows aides to assist patients securely.

41032	Array Shower Room Dispenser, charcoal	(for 4500 ml refills)	12/case

## Information:

The real key to using a Body Wash/Shampoo product is the dispensing of the product. Whether the patient bathes him/herself, an aide assists in the patient room, a central shower room is used or the patient is bed-bound and needs a bath/shampoo in bed...the packaging system must work. And Array Body Wash/Shampoo is specially packaged to fit your specific need.

The wall dispensers are uniquely designed with private bath situations or shower rooms in mind. And shower room dispensers are perfect for true one-hand operation when the aide needs to assist the patient in maintaining balance. It's also the largest dispenser available...which means it will have to be changed much less often!

No-rinse bathing and shampooing is accomplished by pre-diluting Array Body Wash/Shampoo, and instructions for doing this are conveniently printed on every bottle. Interested in learning more about how the Array line can help you? Call us at 800-892-2391 or e-mail [array@cellerallc.com](mailto:array@cellerallc.com).
