

? Looking for answers to skin care issues?
Let us help you find the right solution.

Skin Care Products **PeleVerus®** Gold Skin Repair Cream (available in Original & Anti-Fungal versions)

PeleVerus Gold Skin Repair Cream is specially formulated to restore the skin's natural moisture balance and is ideal as a preventive skin care solution for patients prone to skin breakdown. It is available in both Original and Anti-Fungal versions.

PeleVerus Gold contains powerful moisturizers which promote vibrant skin health. Plus Vitamins (A&D, C, B6, & E) and Minerals (Zinc, Calcium, Selenium, Magnesium & Manganese) to nourish the skin tissue.

PeleVerus Gold Skin Repair Cream has proven effective in skin care plans:

- Helps prevent skin tears.
- Relieves severe dry skin problems.
- Restores lower leg tissue threatened by nutrition issues or diabetes.
- Moisturizes & protects tender heels from further damage.

PeleVerus Gold AF Anti-Fungal Skin Repair Cream utilizes 2% Miconazole Nitrate to help treat the most common fungal infections, along with the Vitamins & Minerals in our regular PeleVerus Gold.

PeleVerus Gold Skin Repair Creams are not moisture barriers and thus are not intended for incontinence care...our PeleVerus Incontinence Products provide a wide variety of proven skin barrier solutions for your residents' needs.

Array® Moisturizing Lotion

Array Moisturizing Lotion is your answer for the routine skin moisturizing of your Long-Term Care residents. Array Lotion has skin moisturizers which help make the skin more supple and healthy. Array Lotion is thicker than standard "hospital" lotions...residents feel like they are being pampered with the finest of spa products.

Array Moisturizing Lotion spreads easily and dries rapidly to make application convenient, plus it leaves the skin soft and smooth to the touch without greasy residue.
