Section 10: Stability & Reactivity

Flash Point

Evaporation Rate

10.1 Reactivity: No data available.

10.2 Chemical Stability: Stable under recommended storage conditions.

n/a

n/a

10 Possibility of Hazardous Reactions: No data available.

10.4 Conditions to Avoid: Keep product dry until usage; moisture could cause fibers to gel or dissolve.

- 10.5 Incompatible Materials: No data available.
- 10.6 Hazardous Decomposition Products: None known.

In the event of fire, see Section 5.

Section 11: Toxicological Information

11.1 Information on Toxicological Effects:

Acute toxicity: No acute or chronic toxic effects expected when used according to directions.

Inhalation: n/a

Dermal: No acute or chronic toxic effects expected.

Skin Corrosion/Irritation: No acute or chronic toxic effects expected.

Serious Eye Damage/Eye Irritation: No data available.

Respiratory or Skin Sensitization: No data available.

Germ Cell Mutagenicity: No data available.

Carcinogenicity:

- IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed human carcinogen by IARC.
- ACGIH: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.
- NTP: No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
- OSHA: No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.
- Reproductive Toxicity: No data available.

Specific Target Organ Toxicity--single exposure: No data available.

- Specific Target Organ Toxicity--repeated exposure: No data available.
- Aspiration Hazard: No data available.

Additional Information: RTECS not available.

## Section 12: Ecological Information

12.1 Toxicity: No data available.

12.2 Persistance & Degradability: No data available.

12.3 Bioaccumulative Potential: No data available.

12.4 Mobility in Soil: No data available.

12.5 Results of PBT and vPvB Assessment: PBT/vPvB assessment not available as chemical safety assessment not required.

12.6 Other adverse effects: No data available.

### Section 13: Disposal Considerations

13.1 Waste Treatment Methods:

Product: Offer surplus and non-recyclable products to a licensed disposal company.

Contaminated Packaging: Dispose of as unused product.

#### Section 14: Transport Information

DOT (US): Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

#### Section 15: Regulatory Information

REACH No.: Not available. A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration or the registration is envisioned for a later deadline. SARA 302 Components: No chemicals in this material are subject to the reporting requirements of SARA Title III, Section 302. SARA 313 Components: This material does not contain any chemical components with known CAS numbers that exceed the threshold (de minimis) reporting levels established by SARA Title III, Section 313.

SARA 311/312 Hazards: No SARA hazards.

Massachusetts Right to Know Components: No components are subject to the Massachusetts Right to Know Act.

Pennsylvania Right to Know Components: No components are subject to the Pensylvania Right to Know Act.

New Jersey Right to Know Components: No components are subject to the New Jersey Right to Know Act.

California Prop 65 Components: This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive harm.

| Section 16: Other Information |   |
